FOREWORD

Kortpack is the right address for all your packaging material and office supplies. When we say packaging, we mean both material for webshops – shipping envelopes, air-cushion envelopes, shipping tubes – and packaging material for industry and transport, such as straps, pallet boxes and stretch film.

You will also find articles for the workshop: barrier tape, self-adhesive covering film, floor protection and much more.

Our range is too large to list. Choose a category below, or tell us what you are looking for.

CARDBOARD BOXES AND LETTERBOX BOXES

In our range of cardboard boxes we sell different variants, with which we can always help you with your shipping options. At Kortpack you are at the right place for:

By using a cardboard box or letterbox envelope you protect your goods better against external parties such as dirt, moisture and weight. In our range of cardboard packaging, we sell a few corrugated folding boxes and double corrugated folding boxes. We recommend the single wave product for light goods that are not fragile. Keep a maximum weight of 10 kilograms here. Do you have heavier goods or products that are fragile? Then choose our double golf boxes, which are extra strong and can handle up to 40 kilograms.

- **Folding boxes**
 - **Triple wall shipping boxes**
- **Cardboard pallet sheets**

Ordered before 15:30 on working days, your order ships the same day.
Do you have a question about our range, or would you like personal advice? We are happy to put our expertise to work for you – just get in touch on +31 (0)184 614 256 or info@kortpack.nl

SHIPPING ENVELOPES-SHIPPING TUBES-AIR-CUSHION ENVELOPES

All your shipping materials under one roof

Sending goods undamaged from A to B starts with the right packaging. Our range is geared to webshops and shipping businesses: from shipping tubes for rolled printed matter to air-cushion envelopes for small, fragile items. All envelopes and bags have a self-adhesive closure, so your goods arrive doubly secure and dry.

- Packing list envelopes with a standard print
- Plain unprinted packing list envelopes
- Air cushion envelopes
- Shipping bags
- Shipping tubes

Ordered before 15:30 on working days, your order ships the same day.

Do you have a question about our range, or would you like personal advice? We are happy to put our expertise to work for you – just get in touch on +31 (0)184 614 256 or info@kortpack.nl

OFFICE & HYGIENE

At Kortpack you are not only good for all your shipping and packaging materials. You have also come to the right place for all kinds of facility items. Whether you are looking for sanitary paper products such as paper on roll, or for drinking cups, a staple remover or a waste bag holder; you will find it at Kortpack. You can also find copy paper and markers on this page. View our wide collection of all kinds of indispensable hygiene products and facility items! Many of our office items also have an interesting volume discount. Click on the product image for more information

Hygiene in the workplace is very important. Good hygiene at the office can greatly reduce absenteeism. It is very important that there are enough waste bins present, so that staff can relieve waste immediately. That way, nothing stays on the desk unnecessarily long. Also mugs that are not washed or badly washed are huge sources of bacteria. Cardboard cups for hot and cold drinks can solve this problem. The right toilet paper and cleaning paper on a roll also contribute to hygiene. Our cleaning paper is produced from recycled paper and available with a handy dispenser. Are you in an office where products are regularly sent out? Then take a look at our collection of shipping envelopes.

MATERIAL HANDLING EQUIPMENT: TOOLS FOR MOVING AND STORAGE

Material handling refers to moving and transporting goods within business premises, a warehouse or a workshop. Think of moving boxes and crates with a sack truck, shifting heavy cabinets and machines on furniture dollies, and storing and transporting goods on pallets. With the right material handling equipment, your team works more efficiently and with less physical strain.

Working safely with material handling equipment

- Furniture dollies for moving heavy loads
- Trolley
- cabinets
- Demi Water
- Pallets
- Pallets in the size 60cm x 40cm
- Pallets in the size 80cm x 60cm

Ordered before 15:30 on working days, your order ships the same day.
